

TM
Please join Cindy Asner, Susan Clark, Elizabeth Forsythe Hailey,
Catherine Lincoln, Betsy Foldes Meiman and

Bioneers San Fernando Valley

for an evening with

TreePeople

Wednesday, March 10th at 7p.m.

In the Fireside Room of St. Michael & All Angels Episcopal Church

Is Los Angeles still in a drought?

What about all the rain we've had?

Is harvesting rain water possible or even practical?

And what do trees have to do with water anyway?

Want to know what you can do keep your home & Los Angeles beautiful and also reduce our dependence on imported water?

Come hear TreePeople's Torin Dunnivant talk about rain water harvesting and tree mimicking technologies. Learn what you can do to make a difference and create a healthier, more sustainable Los Angeles.

Founded in L.A. in 1973 by teenage Andy Lipkis and his friends, TreePeople's story continues to evolve - powered by the idea that every individual can plant the seeds for a more livable future

**Saint Michael & All Angels Episcopal Church
3646 Coldwater Canyon Avenue, Studio City 91604 • 818-763-9193**

Free parking in upper lot by the Parish Hall.

From Ventura Blvd., proceed south on Coldwater Canyon to Avenida del Sol (just before entering the canyon). Turn left, then make an immediate left into the lot. Do not park in the lower lot by the church!

Free Admission • Please RSVP: BioneerSFV@me.com

Don't Miss our Upcoming Programs!

April 14: Grid Alternatives May 10: Population Connection
